Volunteer Opportunities

New and Returning Volunteers

If you are interested in sharing your time, talents and/or resources to help improve the living conditions of low-income homeowners in our community, please provide the following information. Our greatest needs are for project sponsors, committee members to help prepare for our projects, skilled House Captains to manage projects, and skilled labor to assist with the technical parts of many of our projects. Help your fellow community members, and as many of our volunteers will attest, you'll receive much more in return. We'll contact you once we receive your information to determine the best way for you to be involved. Thank you in advance for making the work of Rebuilding Together possible.
